The American Art-Union,

In the City of New York, was incorporated by
the Legislature of New York for the promotion
of

The Fine Arts in the United States.

It is managed by gentlemen who are chosen
annually, by the members, and receive no com-
pensation.

To accomplish a truly national object, uniting
great public good with private gratification at
small individual expense, in a manner best suited
to the situation and institutions of our country,
and the wants, habits and tastes of our people, the
Committee have adopted the following

PLAN.

Every subscriber of five dollars is a member of
the Art Union for the year, and is entitled to all its
privileges.

The money thus obtained, (after paying neces-
sary expenses) is applied,

First.—To the production of a large and cost-
ly Original Engraving from an American paint-
ing, of which the plate and copyright belong to
the Institution, and are used solely for its bene-
fit.

Of this engraving every member receives a
copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to
select from the engravings of previous years.

Whenever the funds justify it, an extra engraving
or work of Art is also furnished to every member.

Every member also receives a full Annual Report
of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and
sculpture, by native or resident artists. These are
publicly exhibited at the Gallery of the Art-Union
till the annual meeting in December, when they
are publicly distributed by lot among the members,
each member having one share for every five dol-
lars paid by him.

The business of the Institution, out of the city of
New York, is transacted by Honorary Secretaries,
who receive and remit subscriptions, and deliver to
members in their vicinity the Reports, Engravings,
and works of Art. They are forwarded at the ex-
pense of the Institution.

The income of the Art-Union the last year was
\$22,287 dollars, and one hundred and forty-six
paintings, varying in price from \$15 to \$600, were
distributed by lot among its members, and each
member also received a copy of a large line en-
graving, "Sir Walter Raleigh parting with his wife
on the morning of his execution."

The committee have already in progress, for the
members of this year, two large engravings, the
Jolly Flat-boatmen, to be engraved by Daney; after
the picture by Bingham, and the Sybil, to be
engraved by Casilear after the picture by Huntington,
of both of which, every member will receive a
copy.

The annual meeting and distribution will take
place this year on the 24th day of December.

It is very desirable that the dues of the mem-
bers should be paid early in the year, that the
Committee may make their purchases at the best
advantage.

Subscription and payment may be made to the
subscriber, Honorary Secretary for Newport and
its vicinity.

having just received from Boston and New York
the largest and most splendid assortment of fash-
ionable SPRING CLOTHING ever offered in
this town, having been selected from the largest
and most fashionable Clothing Houses in the coun-
try; and, considering they were bought on the
cash system, and at exceedingly low prices, we
think we can afford to sell a little cheaper than any
other similar establishment in the State, without
exception. Among them may be found English,
French, and German Cloths.

Frock and Dress Coats,
They seem forever fresh and bright,
And give the wearer great delight;
Cut, pressed, and made in tasty manner—
They win the envy of the seaman;
While hundreds who have purchased them
Proclaim aloud—"A gem," "a gem."

Pantaloons.
In this department we surrender
To no one, of any gender;
Broadcloths, Doeskins, and Cassimers,
More kinds than we can tell you here.
There's not a form, however poor,
To which they can't impart a cure;
The matchless skill in wielding shears,
Plainly in pantaloons appears;
To walk, Sirs, in our pantaloons,
Is one of fashion's sweetest boons.

Vests.
A Vest is a most important feature
Upon the breast of any creature,
And should, at least, be neat and clean,
If you're expecting to be seen.

A large assortment, of the best—
Hereafter none should lack a Vest.

fully satisfied with its performance and general
utility, take pleasure in certifying to the same, and
recommending it to the public as the best thing of
the kind with which we are acquainted. We

by its construction, furnishes a uniform heat, and
the baking is performed with less attention and
more perfectly, than in any Range or Stove that
we have ever used. In a word, it contains many
advantages, and consumes a small quantity of fuel.

PENCIL SKETCHES OF TRAVEL.

LETTER VI.

CLIFTON HOUSE, Niagara Falls, }
Canada, June 3, 1847.

MY DEAR SIR:—

I left Buffalo this morning in an English
steamer, for the purpose of visiting Niaga-
ra Falls, one of the greatest natural curi-
osities in the world. Our steamer was well
loaded with passengers of all nations, kinds
and descriptions, on the same mission with
myself. The Falls are about twenty-three
miles from Buffalo, and I suppose there is
no route in the world which contains so
many points of interest as that. In the
first place, you pass a short distance across
the Lake, and then turn into Niagara river,
a beautiful and picturesque stream of wa-
ter, on the Canada side of which, a short
distance from its mouth, stands Fort Erie,
and its adjacent battle-ground, which was
captured in the last war by Gen. Porter;
who died a few years since, in this vicinity;
just above this, on the American side, a
new Fort is being built, near Black Rock.

Next comes Grand Island, twelve miles in
length, in the middle of the river, which
was selected some years since by the re-
nowned Major Noah, as a rendezvous for
the last tribe of Israel,—the Island is thick-
ly covered with large forest trees, and is
certainly a charming spot. As to the fea-
sibility of the Major's plan, I have nothing
to say, but the selection speaks well for his
taste.

Then comes Mary Island, one mile and
a half in length, the theatre of the last
Patriot War, in 1839; this also is covered
with trees, and in the centre there is a road
cut, which was done for the purpose of
transporting cannon and munitions of war,
in that unpleasant disturbance, and upon
the shores of which, there was some fight-
ing. Above this is the wharf at Schlosser,

where the steamer Caroline, was burnt
during that war. We landed there, and
took a stage to the Falls, two miles. There
are but few houses in the village, and it
has no attraction save the great one which
brings thousands of visitors. For many
miles before reaching it, your ears are near-
ly stunned by the eternal roar of this mag-
nificent body of water,—and as you ap-
proach nearer to it, you are almost inclined
to think that the whole artillery of earth is
in motion. A person is tormented at the
village by a crowd of old men, young men
and boys, who are constantly thrusting
their cards into your face, and proffering
their services as "Guides to the Falls;" the
only way to get rid of them is to answer
very crossly, and push them out of your
way, or you will be most egregiously im-
posed upon,—you will see enough, in all
conscience, without a guide. I strolled
through a pleasant little grove, and in three
minutes was upon the desired spot; and
now, I am very much inclined to lay down
my pen, and leave your readers to visit the
spot themselves, if they would have any-
thing of an adequate conception of the
fearful grandeur of the scene. But I sup-
pose it will be expected that I should say
something, and I will, therefore, glance
hastily at a few points of interest, although
I am well aware that it is consummate
folly to attempt even the most indifferent
sketch.

You see but a portion of the Falls, upon
the American side, although it is best, per-
haps, to visit that first, so as to take an ob-
servation by degrees,—for, to a nervous
man, the first sight is truly startling.—
"Point View Garden and Observatory,"
just north of the Falls, is a pleasant spot,
and has a commanding view of all the
points of interest. You stand upon the
bank north of Goat Island, and look down
to the water, some two hundred feet, and
the scene is grand, terrific, awful!—Small
boats are crossing the river, with passen-
gers, to the Canada side, and pass directly
through the swift current and whirlpool,
within a few feet of the tremendous sheet
of water, as it tumbles over the Falls.—
Goat Island, on the American side, divides
the great body of water, and it falls on
either side, to the land below. There is a
bridge from the main land to the island,

across the gurgling rapids, which dash
against its pillars as if to shake their strong
foundations from the base. You next de-
scend to the shore, by a covered stair-way,
down two hundred and eighty-nine steps,
with the water dashing and rushing fur-
iously by your side. There are also cars,
upon the railway system, to take you up
and down, if you prefer. Here you take
a seat in a small row-boat, and are launch-
ed forth upon the stream—which more re-
sembles the fabled Styx, than anything else
I can think of. Pushing from the shore,
you almost think it your last fatal passage
to that bourne from which no traveller can
return. Onward and onward the little boat
dashes, and she is as often twisted in the
current, riding gallantly upon the waves,
now high up on their crested and flaming
bosom, and now down in their yawning
gulf. You do not appear to progress in
the least, and all that you see is the vast
volume of water, far, far above you, pour-
ing in torrents, apparently upon your head,
while the roar and thunder of the fall
deafens even your own voice. The spray
is so thick, that you are soon quite wet
and chilly, and a timid man would speedily
regret his rashness in attempting to cross
where there is so much apparent danger.—
But still, the little boat moves slowly on,
and you are soon safe upon the Canada
shore. The danger is more imaginary
than real, for no accident has ever been
known to happen; still, hundreds are ex-
tremely timid, and many do not dare to
venture across. I saw many ladies upon
the shore for a long time, hesitating to cross,
and they were there still, the last I saw of
them.

Yours always, FLORENCE.

TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine
Sole Venus and Nymph Soap, composed of an
eastern botanical discovery of surprising efficacy
for rendering the skin soft and fair, as well as im-
parting a delicate roseate hue to the complexion.

As a creator and conservator of that most dis-
tinguishing charm of female loveliness, a transpa-
rent fair skin, Jules Haue's Nymph Soap, or Eau
Divine de Venus, may be said to exert an almost
magical influence. Composed for the most part of
oriental balsamic plants, to the utter exclusion of
all mineral admixture, it is distinguished medi-
cally, for its extremely bland, purifying and soothing ac-
tion on the skin; and by acting on the pores and
minute secretory vessels, expels all impurities from
the surface, allays every tendency to inflammation,
and, by this method alone, effectually dissipates all
redness, tan, pimples, freckles, sunburn, and other
unsightly cutaneous visitations, so inimical to fe-
male loveliness. Its use will change a most bilious
complexion into one of radiant whiteness;
while on the neck, hands, and arms, it bestows a
delicacy and fairness which its continued use will
happily protect, with every appearance of youthful
charm to the most advanced period of life.

New and Important Arrange- ment.

W. GOFF has the pleasure of informing his
patrons that an arrangement will be com-
pleted in the course of next week by which he
will be able to furnish the third and latest edition
of the New York Express, which goes to press
only one hour before the steamers leave for New-
port and Fall River. This will be a new and im-
portant feature in Newspaper Agency.

I would further state to those who subscribe and
receive their daily papers by mail, that they are
paying Two Dollars and seventy-four cents per
year more than it costs to receive them of me.—
Merchants, too, who generally have a quick eye on
the Markets, can always get the latest price cur-
rent before the mail is distributed.

Lots of Books constantly on hand, and
scarcely a steamer arrives from New York, but
furnishes something new in the department of
literature.

prices with despatch.

FRIDAY, JUNE 25, 1847.

BY O. F. JACKSON, 91-THAMES ST.

We stated a week or two since, that arrangements had been made with the Bay State, and were being made with the Massachusetts, to bring the New York mail for Newport, delivering it here every morning on their arrival from New York. When we made this announcement we spoke advisedly, but since then we have neither seen the mail, nor heard anything of it. We do not wonder at all that the Post Office Department does not support itself, when the facilities for sending letters by express are so much superior to the mail arrangements. We do not doubt but that one half of the business correspondence that is carried on between this place and New York is sent out of the mail, either by express, or by private individuals. If the mail for New York did not close till evening, it would get all this patronage, but according to the present arrangements, business men are forced to resort to means of sending their correspondence other than through the government mail.

We have received another interesting communication from our Providence correspondent, "Antiquarian," in relation to the old mill, which we shall publish in a day or two.

The Lecture of which we spoke some time since, by "Antiquarian," on the Antiquity of Rhode Island, has been postponed till August, in order to give him time to receive from the Royal Society at Copenhagen, and the British Museum at London, certain documents and drawings relative to ancient ruins, of which the "old mill" forms a part. This lecture, when it is delivered, cannot fail to interest every one.

SAILING OF MISSIONARIES.—The following persons embarked, Monday afternoon, for Smyrna, from Boston, in the barque Catalpa; Captain Watson, viz:—Rev. Messrs. Cochran, Benton and Bliss, with their wives, and Miss Rice. Mr. and Mrs. Cochran and Miss Rice are to proceed to Oronomi, to join the Nestorian mission. Mr. and Mrs. Bliss will go with them as far as Erzerum, where they are to labor in behalf of the Armenians. Mr. and Mrs. Benton are expected to join the Syria mission.

WRECK.—A correspondent of the Boston Post states that the ship Ceylon, of St. John, went ashore on Moosepocca, coast of Maine on the 10th inst. Hopes of getting her off were entertained. Also, that schr. Henry, of Calais, from Boston, ran ashore the day before, near where the Ceylon came on. She fell on her beam ends, letting her freight roll out of her hatchways. Her cargo would all be much damaged. On the night of the 17th, a large brig the name not ascertained, ran on near the other vessel, high and dry.

MONSTER CALF.—A cow belonging to Nathan Stanton, Esq., of this town, gave birth to a calf last week, which, when it was twelve hours old, weighed 114 pounds. A calf weighing a hundred pounds at that age is considered very heavy.

Bark Huma, Capt. Weeden, from Ghent, with 130 German Emigrants on board, came into this harbor yesterday morning. The Captain proceeded to Bristol, where the vessel is owned, for instructions. The emigrants have not landed; they are said to be a very smart, intelligent set of men.

We find in the New Orleans Patria, a very interesting letter from the city of Mexico, dated the 23d ult. The writer says that every thing was in the greatest state of confusion at the Metropolis. The men at the head of the Government knew not what was to be done, nor in whom to confide. Santa Anna, in an evil hour for his own popularity, persecuted Minon; the latter, who does not seem to be a man who will be trodden upon with impunity, wrote a defence of himself, which was published in the Republicano of the 16th and 17th ultimo.

Mahogany Ships.—The English ship builders are beginning to use mahogany instead of East India teak. The present low price of the former is caused by the extensive use of other woods, as black walnut, oak, &c., in the manufacture of cabinet ware.

WASHINGTON, JUNE 21st.—Col. Scott took out with him instructions to General Scott, to this effect—that he was to organize or aid in the organization of a government *de facto*, in the city of Mexico, and make with it a treaty, according to certain terms. This messenger was cut off and his message arrested. But the same instructions have gone through other channels. There is no doubt that Gen. Scott will find means to make such a treaty, and with a temporary and revolutionary power. But still, Mexico is not a party to it, and we may expect that one of its stipulations will be that the American forces shall be retained in Mexico, for the protection of the peace party, and peace government.

ATTACK BY CANACHES.—Accounts from St. Louis state that a government train for Santa Fe, under Capt. Thorp, had been attacked near Cottonwood Fort, by the Comanche Indians, and that Capt. Thorp and twelve or fifteen men had been killed. The Indians stole a large number of cattle, mules and some other articles.

There was a large congress of Indians at Salt Plain, which was discussing some important matters.

The people in Delaware were blest with a snow storm on the 14th of June.

At Puebla, Gen. Worth visited the bishop on the 17th ult. and as the bishop returned the visit on the same day, the American guard at the doors of the palace did him the same honors as to the American generals. This had great influence upon the class of people who seemed most enraged against the heretics—the old woman.

Oh, what glorious silky, jet black hair That men and lady have! 'Tis indeed rare To see such soft, clear hair; yet, as I live 'Twas a bottle of JONES' HAIR RESTORATIVE.

Gave them those beautiful tresses. Before they used it, Like other silly folks, they abused it; And, though their hair was once gray, harsh and dry One FIFTY CENT bottle they used, and thus defy The world to show lovelier hair. Then, who with had will live, And not use JONES' HAIR RESTORATIVE? Honestly and truly, there never was as good, or half as good, an article made to force the hair to grow dark, stop falling off, cure the scurf or dandruff, and make red or gray hair dark; it dresses the hair beautifully, and keeps it moist, soft, and silky, three times as long as any other article made.

Dr. Banning's Patent Baby Lotion, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lotion, and be put off with nothing else.

WATERS, August 32, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lotion which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lotion, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man. Sept. 4. S. W. HILL

Rev. R. Hibbard's Vegetable Anti-Bilious Family Pills.—Ask for the Rev. R. Hibbard's Vegetable Pills, and be careful that a spurious article is not imposed upon you, under the name of Hibbard's Pills.

No agent is authorized to sell less than a sealed package or box of 12 1-2 cents, or 50 cents. Full directions go with each size.

These truly invaluable Pills are recommended as being without an equal in all Fevers, Bilious attacks, derangement of the Liver or Bile, Stomach, Lungs, or Bowels, and give relief as sure as taken. The more violent the attack, the more promptly do they act in allaying it. They have also proved the most prominent and certain cure for the promitory symptoms of the Asiatic Cholera, Cholera Asphyxia, and no person need fear this disease, having these Pills at hand. Minute doses—as a quarter of a Pill each night—persuaded in for a few weeks, act as a potent tonic, strengthening the whole system, and curing old chronic and subacute diseases, sick Headache, Dyspepsia, Consumption, &c.

Testimonials from Physicians and others continue to be received at the Principal Office, No. 26 John street, New York, by T. R. Hibbard, Druggist.

Such is the powerful and masterly control which these Pills uniformly exert over disease, whether chronic or acute, that every agent stands ready to receive the empty box, and refund the money—in all cases, where they fail to cure, or come fully up to the recommendation given.

They are expressly intended for family use, and may emphatically be termed the *poor man's blessing*. Price 12 1-2 cents for the small, and 50 cts. for the large sized boxes.

DORCHESTER, Mass., June 15.

Dr. F. Brown.—Dear Sir:—It affords me great pleasure to be able to bear testimony to the valuable properties of your Sarsaparilla and Tomato Bitters. You probably remember the situation I was in when I commenced using them by the advice of my friends; the suffering which I have borne for a long time from the effects of a most terrible humor is almost indescribable; it covered my chest and arms, breaking out at times in quite large sores. Medicine after medicine did I try, without the least relief, and I gave up ever expecting to be cured; but at last I was persuaded to make use of your Sarsaparilla and Tomato Bitters; but I must say I commenced with great reluctance, thinking it would eventually fail to relieve me, as all other medicines had done. But how happily have I been disappointed. It has entirely cured me. Nothing that I do affords me more pleasure than recommending your Bitters to persons similarly afflicted, and I do most earnestly recommend all to try them before they give up, supposing there is no relief. I now value them so highly I keep them in the house, and use them in my family, as I consider them the best, pleasantest, and most thorough medicine now in use, removing all impurities, carrying off all bile, without weakening the system, or being obliged to change your diet.

After showing this to any one, if they are not perfectly satisfied, ask them to call on me, and I will explain my case more fully, which it will afford me great pleasure to do.

Yours respectfully, DANIEL PLUMMER.

June 18. Dear Sir:—I take pleasure in communicating to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me that my liver was diseased, and that I might some day die with consumption. Last September, 1845, I took a slight cold, which produced a hacking cough; this continued until February, 1845, when I added another cold: my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon one side: I sweat very much nights, raised considerable blood during the winter, and could not speak aloud for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders: general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with the Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take

WISTAR'S BALSAM OF WILD CHERRY. I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I ceased to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balsam until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balsam of Wild Cherry saved my life.

We are personally acquainted with Mrs. Gould—assisted in taking care of her during her sickness, believe and know the above statement to be true.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mus quettes, and great annoyance from the unnatural darkness of her tanned complexion: Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap.

A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vauntingly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Euc Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy, pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c? use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, C. G. C. HAZZARD, and H. H. TISDALE, Newport. Country Agents can be supplied by R. J. Taylor, J. & R. G. RADWAY, No. 2 Courtland street, N. Y.

Ladies are Cautioned
AGAINST using Common Prepared Chalk.—
They are not aware how frightfully injurious
it is to the skin! how coarse, how rough, how sal-
low, yellow, and unhealthy the skin appears after
using prepared chalk! Besides it is injurious, con-
taining a large quantity of lead!
We have prepared a beautiful vegetable article,
which we call JONES' SPANISH LILY
WHITE. It is perfectly innocent, being purified
of all deleterious qualities; and it imparts to the
skin a natural, healthy, alabaster, clear, living
white; at the same time acting as a cosmetic on
the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Mas-
sachusetts says:—"After analyzing Jones' Span-
ish Lily White, I find it possesses the most beau-
tiful and natural, and at the same time innocent
white I ever saw. I certainly can conscientiously
recommend its use to all whose skin requires
beautifying."

Miracle.
ON the 4th of August, in the year 1813, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (for science was triumphant,
and his voice with gratulatory tone, delivered
the following report:
"We are astounded at this singular preparation.
Where indeed will science stop! Here we have a
preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment of, and even discolored skin! Where will
its magic and singular power cease? The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the in-
fluence of its extraordinary powers of clearing yel-
low or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)
There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of JONES' ITALIAN CHEMICAL SOAP, in
curing Pimples, Blotches, Salt Rheum, Scoury,
Erysipelas, Sore Heads, Old Sores, Beard and
Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn or
yellow skin to a pure, clear white, as smooth and
soft as an Infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1811.]
One of our subscribers, Mr. H. Leonard, in-
forms us that he has been cured of old, scaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.
James Kilham, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it; but always see that the name of T. JONES
is on the wrapper. For sale in Newport by
June 10 Am R. J. TAYLOR.

1817, that Mr. Thomas Jackson's head, on the
top, was entirely bald for 15 years, and that by

ative, the hair is growing fast and thick, and will
soon be entirely restored.

TO THE LADIES IN PARTICULAR.
MY DEPILATORY POWDER has been
found highly beneficial and of great use to la-
dies who have been afflicted with superfluous hair,
principally when its growth has been confined to
the upper lip and side of the face, giving a mascu-
line turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.
This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot
be contested. For sale, wholesale and retail, at

LORRAINE'S PILLS.
All persons require. Paets.
DR. LORRAINE'S CULIATIVE SYSTEM
OF MEDICINE is rapidly producing achievements
never before known in the cure of diseases. The
immensity of its wonderful results, alone demon-
strate that its principles must be founded on truth.
The relative proportion of Cures by this Medicine
is out of all proportion greater, than by any other
Medicine known.
THE THEORY is, that one blood heats in the
bosom, and flows through the body of every man,
and must be pure, it is the Vital Principle that sus-
tains life.
Physicians, and people of every class are willing
to come forward and announce, in the most public
manner that they have been cured of long standing
complaints—after another medicine had failed.
In fact there can be no doubt but that Lorraine's
vegetable Pill is the best medicine ever offered to
the public.
See a few public statements of men of truth and
virtue.
Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I had had of you,
please send another lot immediately. The sale of
Lorraine's vegetable Pills is rapidly on the increase,
they are becoming very popular. I sell more and
more every day. As a curative medicine and pu-
rifier of the blood. I think they stand unrivalled.
One fact I have noticed, that no one that has used
them finds any fault with them; they have wrought
some very great cures. One lady, who has been
confined to the house and bed, a great part of the
time, for twenty years, is now cured and able to
work most of her time, after having taken 3 boxes
only of Lorraine's Pills! I might name many
other cases where the cures have been as great,
but have not time. Yours respectfully,
J. E. P. MARSH.
Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's
Pills, we have sold all we had last. They have
given very good satisfaction, better than any other
pills which we have in our market. I think in
a short time they will take the place of others.
We have had no fault found with them whatever;
but, on the contrary, they have been praised fondly.
I think we could have quite a number of highly
respectable certificates from our citizens.
Yours respectfully,
E. MASON.
Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case
for publication, believing it to be my duty. I
have been confined with the Rheumatism nearly
the whole winter, have had some of the best phy-
sicians of Boston and could get nothing that would
relieve me more than temporarily. I heard of the
wonderful virtue of Lorraine's Pills, I had no faith
whatever, but I took them, and it is a solemn fact
that when I had taken but eight pills my Rheu-
matism had entirely left me, and I have remained
well ever since.

N. B. I never took more than one pill at a
time and that on going to bed.
Yours respectfully, W. M. HALSTAD.
OPINION OF A SKILLFUL PHYSICIAN.
Sir, the operation of Lorraine's Pills is just any
philosophy to find out, how so small a pill can
produce such wonderful effects. I find that one
of them will operate more than 3 or 4 of any other
pill, yet in their operation, mild, gentle and con-
fiding. On this account, they are more than 100
per cent, cheaper, as physics, than any other Medi-
cine I know of.

These Pills are now acknowledged by thousands
who take them daily, to be the only medicine that
fairly takes the Bannan from all others. This ex-
traordinary medicine has actually done wonders
within one year past. They cause no pain or un-
easiness of any kind in their operation, and require
neither change of diet or care of any kind.
The attention of the reader is respectfully called
to the important results from the use of these Pills.
It will be seen, however great achievements have
heretofore been made by the use of this invaluable
medicine, still greater and more remarkable cures
daily happen.

**Bogle's Hyperion Fluid; Or Vegetable Hair
Composition.**
THE subscriber has been induced to bring this
article before the public. At the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.
The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It cleanses the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing baldness and grey hair.
It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hoarsest hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.
Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.
Manufactured and for sale by WM. BOGLE,
228 Washington, corner of Sumner street, Bos-
ton. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of
the Hair, with directions for preventing baldness,

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.
THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Griseom of New
York, the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases:
Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasur-
and benefit. Yours, &c. WM. RANKIN.
Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.
aug. 29th. STEPHEN BROOKS, JR.
Providence, Feb. 26, 1846.

Doctor Boardman, Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors, in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher. J. * * *

THIS very valuable triple combination of
Salve, Pain Extractor and Strengthening Plas-
ter, all combined in one, is indeed an object of
great importance to the medical world. If the
human system has become weakened, from CON-
STANT PAIN, SCROFULOUS DISEASES, RHEUMATISM,

LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE
HEART, SPASMS, PAIN IN THE BACK, SIDE OR
STOMACH, OLD ULCERATED SORES, BRUISES,
SCALDS, INFLAMMATION OF THE EYES, THROAT OR
TONGUE, BITES OF DOGS, FROST BITTEN LIMBS,

frame may be afflicted with, this very valuable
remedy never fails in curing.

Piles and Phlegmatic affections, Dunks or Milk
Legs, Lacerations of Joints, Bites of poisonous ani-
mals, Burns, &c.

the most excruciating pains from Rheumatism,
Lumbago, Gout, St. Anthony's Fire, King's Evil,

able Pain Extractor, been relieved from all suf-
fering, and in a few days been soundly restored to
health.

As a Strengthening Plaster, individuals who
have laid upon a bed of sickness and suffering for
months—who have become so weakened and
wearied of life that death would be a blessing,
have by the means of this Salve spread as a plas-
ter and applied according to directions to the parts
affected, been strengthened and restored back to
life—blessing the Salve as the only remedy by the
grace of Providence by which they were saved.

Reader, are you afflicted with any of the above
diseases—have you tried other remedies without
effect—have you been pronounced incurable—if
so, try this Salve—if nature can furnish means
to cure you, you will be cured by the use of Coom's
German Salve and Vegetable Pain Extractor.

Extract of a letter from Hon. Harman Knicker-
backer, Esq., late first Judge of Rensselaer
County, N. Y., &c., Schenectady, N. Y.
I was myself attacked with a severe pain in my
ankle and leg, and swelling ensued to an enor-
mous extent, my physician could not relieve me,
after suffering severely a number of days and an
increase of pain and suffering I was considered
dangerous; at this crisis my miller prevailed upon
me to try a plaster of this salve which I did, and
in half an hour I became easy and rested well. I
continued this application and in a few days I was
well. It cannot but prove a blessing to mankind,
if they can be furnished with it.

IT is now about ten years since this medicine has
been introduced to the public, and it stands unri-
valled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose;—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your es-
pecial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turtive chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all ferberile and nervous affection.
Its soothing and shields from irritation and by
its peculiar properties it destroys the cause of her-
morrhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c. causing frequent alarm,
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States),
or on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Ban-
ning's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a fac-simile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to.

**DOCT. EMANUEL'S BALSAMIC LUNG
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.
Names and residences of persons residing in the
city of New York, who have been cured or benefi-
ted by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:
Mr. Hiram Anests, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness or difficulty
of breath. He used part of a bottle of Dr. Emu-
nel's Balsamic Lung and Cough Jelly, which per-
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.
Reader, reader, let the glad voices and grateful
hearts of these respectable citizens of New York,
appeal to your hearts and understandings, if you
are afflicted with any pulmonary complaint,--
cough, cold, &c.

Dr. Alonzo Brown, 72 Reade-st.
Mrs. Morgan, 162 Front-st., Brooklyn.
Orange country, April 19th, 1846.

Dr. EMANUEL,
Dear Sir—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only for the primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did all my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.
Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.

MY EAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article,
free from ardent spirits, pungent essential oil, and
other destructive materials, cleanses the hair ex-
pediently, renders it beautifully bright, and imparts
to it the delicate fragrance of the flowers. Hair
washed with this Extract soon become pleasingly
soft and luxuriant in its growth, and it will pos-
sibly bring in new hair on bald heads by its use;
and hair that has been made harsh, and is turning
gray or falling out, by the use of spirit or other im-
proper preparations, will soon be restored to its
natural color and brilliancy, by a few applications
of the Eau Lustral.

It is a preservative against baldness, and an
infallible cure in all affections of the skin on the
head, as dandruff, and for preventing the falling
off of the hair and turning gray.
Evidence.—Nature is an inexhaustible mine, in
which experience and study will always find room
to excavate; it is that source alone which pro-
duces all that man calls invention, and which he
would do better, perhaps, to name adaptation.

**Coggeshall & Bliss' Patent Cook-
ing Range.**
THE subscribers have just taken out letters pa-
tent for a new and beautiful cooking Range,
to which they invite the attention of the public.
This Range may be set in the ordinary fire place;
and by a simple, though effectual apparatus, the
throat of the chimney may in an instant of time,
be opened or closed, so that the heat in summer and
the fumes from cooking at all times may escape
through the chimney.
Wood or coal may be used, and the evil of smok-
ing chimneys is completely remedied by its in-
troduction.

This Range is so constructed that it takes up but
a small space, and yet it contains all the qualities
of those which take up double the amount; and it
being constructed as it is, the Boilers are brought
in close proximity with the fire, and it consequen-
tly boils much sooner, and with a smaller amount
of fuel, than the old fashioned Ranges, or rock
stoves. It contains five boilers, four of which may
be converted into two, by taking out a cross piece,
and thus will admit of two large boilers at the
same time. It also contains an Oven 12 inches
wide by 21 deep, which cannot be surpassed for
baking.

The subscribers have one of their Ranges in a
peration at their store, where the public are invited
to call and examine it, and if they will, they may
at once discover its utility. They also keep con-
stantly on hand all kinds of Tinsmith, Office, and
Cook Stoves, Tin Ware, &c., &c.
